

# Demonstrating programs

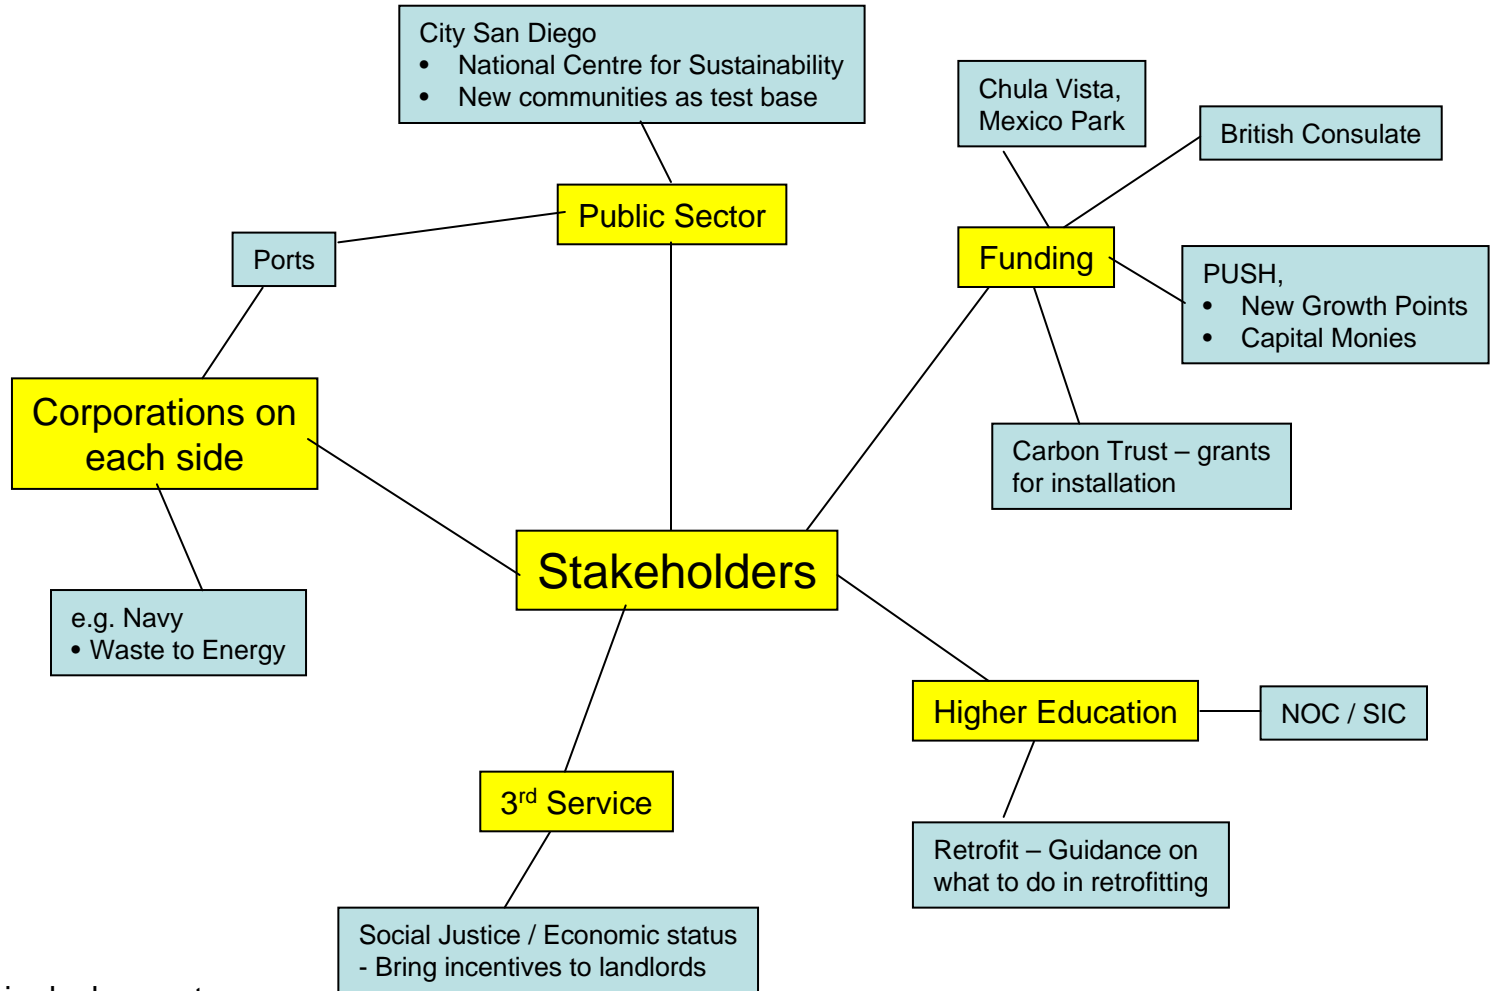

## CleanTech

- Research
- Implement on campus or new public building
- Monitor efficiency
- Demonstration – hands on
- Leverage within the regions

e.g.

- New fuel Cells – generated new benefits
- Clinical trial? Careful to organise
- Bus biodiesel

# City to City Region

Interest in deployment:

- Retrofitting housing
- Waste to energy
- Transport
- Biomass (algae)

<b>Stakeholder Interests</b>					
	<b>Corporate / Construction</b>	<b>Public Org. • Local Govt • Central Govt</b>	<b>Universities</b>	<b>Military</b>	<b>Communities</b>
<b>Sustainable Housing</b>	✓	✓	✓	✓	✓
<b>Waste to Energy Biomass (algae)</b>	✓	✓	✓	✓	NIMBY
<b>Transport Smart Systems</b>	✓	✓	✓	Jet fuel grants	✓

Union of regions to help bring competitively into competitive Cleantech area  
Housing stock – technologies; Water Management,
